## 1. Liquidity

The Company's credit facility of \$5,990,000 matures on January 1, 2017 and as a result has been classified as a current liability. Based on expected cash flows from operations, the Company will not generate sufficient funds from operations to repay the debt on January 1, 2017 and will need to generate funds from other sources as well as continue to comply with required bank covenants for the existing debt on a quarterly basis.

In recognition of these circumstances, the Company is actively pursuing alternative forms of financing to repay this debt including obtaining financing with other lenders, financing from significant shareholders or a private placement with certain shareholders by year end. Management plans to secure the necessary financing to replace the maturing debt through a combination of the above initiatives, nevertheless, there is no assurance that these initiatives will be successful.

### 5. Provisions

Provisions for café leases are estimates for costs to be incurred by the Company as a result of closure of cafés and franchisee failure to make payment of occupancy costs.

An expense of \$200 (June 27, 2015 – recovery of \$227) was recognized in the 26 weeks ended June 25, 2016 and was reflected in the franchise operating costs and expenses line on the unaudited condensed interim statements of loss and comprehensive loss.

### 6. Term debt

	June 25, 2016	December 26, 2015
Face value of borrowings	\$ 6,000	\$ 6,000
Unamortized transaction costs	<u>(10)</u>	<u>(23)</u>
	<u>\$ 5,990</u>	<u>\$ 5,977</u>

Further to the Company's liquidity discussed in note 1, the credit facility is comprised of a \$6,000 (December 26, 2015 - \$6,000) non-revolving term loan. The loan is collateralized by substantially all the assets of the Company and matures on January 1, 2017.

The Company amended its term loan in 2015, which included repaying \$5,000, eliminating the credit facility of \$2,000, extending the maturity to 2017 and revising certain financial covenants. Pursuant to the terms of the Company's amended term loan, the Company is subject to certain financial and other customary covenants. The Company is required to maintain certain covenants which are based on a trailing four-quarter basis and are defined in the agreements as follows:

- a minimum EBITDA amount for each of the four quarters; and
- a fixed charge coverage ratio

The facility matures on January 1, 2017 and bears interest at the bankers' acceptance ("BA") plus a margin range of 2.25% to 3.25% based on the Company's leverage ratio. As at June 25, 2016, the applicable margin pertaining to the aforementioned range is 3.25% (December 26, 2015 - 3.25%).

The Company has an interest rate swap agreement with a notional value of \$6,000 that expires on September 30, 2016. The swap fixes the interest rate on the Company's non-revolving term credit facility at 2.07% per annum plus the margin noted above, which results in a fixed effective interest rate of 5.32%.

As at June 25, 2016, there was an interest rate swap liability of \$36 recorded in other current liabilities in the Statements of Financial Position (December 26, 2015 - \$77).

The Company has established certain accounts that have been classified restricted cash primarily representing a) deposits from franchisees for the cost of constructing a new café or the renovation of an existing café, and b) funds contributed for use in advertising and promotional programs where the Company is acting as an agent on behalf of the co-operative fund.

### 13. Contingencies, commitments and guarantees

The Company has lease commitments for Company-operated cafés and acts as the head tenant on most leases, which it in turn subleases to franchisees. To the extent the Company may be required to make rent payments due to headlease commitments, a provision has been recognized. The Company's lease commitments as at June 25, 2016 are as follows:

	<b>Headlease commitments</b>	<b>Sublease to franchisees</b>	<b>Net</b>
June 24, 2017	\$ 18,667	\$ 15,615	\$ 3,052
June 30, 2018	16,734	13,956	2,778
June 29, 2019	14,890	12,099	2,791
June 27, 2020	12,686	10,059	2,627
June 26, 2021	10,292	7,961	2,331
Thereafter	27,858	21,909	5,949
	<u>\$ 101,127</u>	<u>\$ 81,599</u>	<u>\$ 19,528</u>

The Company believes it will have sufficient resources to meet the net commitment of \$19,528 over the term of the leases.

The Company is involved in litigation and other claims arising in the normal course of business. Judgment must be used to determine whether or not a claim has any merit, the amount of the claim and whether to record a provision, which is dependent on the potential success of the claim. It is believed that no significant losses or expenses will be incurred with such claims. However, there can be no assurance that unforeseen circumstances will not result in significant costs. The outcome of these actions is not determinable at this time, and adjustments, if any, will be recorded in the period of settlement.

Contracts are in place with third party companies to purchase the coffee that is sold in all cafés. In terms of these supply agreements, there is a guaranteed minimum volume of coffee purchases of \$1,598 USD (June 27, 2015 – \$3,307 USD) for the subsequent 12 months. The coffee purchase commitment is comprised of two components: unapplied futures commitment contracts and fixed price physical contracts.

Due to the Company acting as the primary coordinator of café construction costs on behalf of its franchisees and for Company-operated cafés, there is \$198 (June 27, 2015 - \$770) of contractual commitments pertaining to construction costs for new locations and renovations as at the end of the quarter. Construction costs financed for franchise projects are from deposits received from franchisees and for corporate projects from the Company's cash flows.

### 14. Related parties

Related parties are identified as key management, members of the Board of Directors and shareholders that effectively exercise significant influence over the Company. Such related parties include any entities acting with or on behalf of the aforementioned parties. There were no related party transactions in the reporting period.
